Dashboard Design

Date	2 November 2026
Team ID	Not provided
Project Name	F1 Racing Data Analytics
Maximum Marks	5 Marks

Activity 1: Interactive and visually appealing dashboards

The supplied solution is a Tableau workbook, not a Streamlit or Snowflake app. It contains two dashboards based on championship_standings.

- Clear and Intuitive Layout
- Use Appropriate Visualizations
- Colour and Theming
- Interactive Filters and Slicers
- Drill-Down Capabilities
- Responsive Design
- Custom Visuals and Icons
- Use of Infographics

Note: Highlight the major outcomes in form of bullet points

F1 dashboard observations from supplied workbook:

Key F1 dashboard findings from the supplied workbook:

1. Team comparison: Red Bull Racing leads supplied team points at 8,006.
2. Driver points: Max Verstappen (4,640) and Lewis Hamilton (4,491) lead supplied totals; not independently verified.
3. Wins and podiums: separate driver rankings allow comparison of these measures.
4. Reliability and titles: dashboard views compare DNFs, titles, and team-driver wins.
5. Season: supplied data spans 2010–2026; no season filter or trend view currently exists.

The supplied Tableau dashboards compare driver/team performance, reliability and titles. No Streamlit app, Snowflake connection or public link was supplied.
